8,000,000 CASES OF TYPHUS NOW IN RED RUSSIA

(By Associated Press) NEW YORK, May 3.—More than 8,000,000 cases of typhus have been reported in soviet Russia with a mortality as high as 50 per cent in some communities, said a report by Dr. Harry Plotz of this city, head of a Jewish medical unit operating in Poland, just made public by the American Jewish Relief committee.

In addition to typhus, the report stated that Russia has been swept by cholera during the last two years. In Petrograd there was a total of 12,000 cases with a mortality of 40 per cent and cholera has broken out in some parts of Poland after the entry of Russian refugees.

Dr. Plotz's report dealt particularly with health conditions in Poland, which he declared to be "still distressing." He outlined plans which have the approval of the Polish government, for re-establishing public baths throughout the country.

CONFERS DEGREES ON PROMINENT MEN

(By Associated Press) WARSAW, Poland, May 3.—Woodrow Wilson, Herbert Hoover and Marshal Foch were given the degree of doctor of law by the University of Warsaw. This is the first time the university has ever conferred honorary degrees.

A current of electricity equal to 20 horsepower will be necessary to keep the beam going at full strength. As the light weighs over two tons, special apparatus must be installed to swing it about. By use of multiple-colored discs it is hoped to create strange effects when the light plays on passing clouds or for tanks.

A feature of the installation which engineers hope to effect will be the carrying of the light from Mill valley, at the foot of the mountain, to the top, fully lighted, so the beam may be seen for miles around while on its way to its resting place. In comparative light strength, it is 6250 times more powerful than the marine light on Alcatraz island, the military prison of San Francisco bay. The Alcatraz light is 80,000 candle power and is said to be one of the most powerful on the coast. On a clear night, unaffected by refractory conditions that sometimes obtain in atmosphere near the coast, the Tamalpais light would enable a person to read a book with ease 10 miles distant, the installing engineers say.

The lens alone is five feet in diameter, while the outer diameter of the barrel of the light is six and one-half feet. The top of the light will be 10 feet from the bottom of the emplacement.

OLD-TIME BOXERS TO HOLD VETERAN BOXING BENEFIT

(By Associated Press) LOS ANGELES, Cal., May 3.—Twelve "old-timers" of fighting history, headed by James J. Jeffries, former heavyweight title holder, are scheduled to stage unofficial "comebacks" at a veterans' boxing show at Vernon, near here, May 6.

The fighters, most of whom are veterans of the days of 40-round events, include Ad Wolgast, "Spike" Robinson, Will's Ritchie, Tommy Ryan, Billie Papke, Leach Cross, Kid McCoy, Dick Hyland, Frankie Sell and probably Jimmy Britt.

The show is being arranged by the Los Angeles Express and the Elks' lodge to raise funds for entertaining Elks from all parts of the country when they attend the annual convention next July at this place.

The oldest "old timer" on the bill will be Tommy Ryan, also known as Joseph Young, former middleweight champion, who in 1889 knocked out Mark Shaughnessy in Detroit in 23 rounds and in 1891 at Minneapolis knocked out Danny Needham in 46 rounds. Tommy is 51 years of age and retired.

At the show, Frank "Foghorn" Cook, whose hat and cane and boutonniere are known to thousands of old-timers of Napa Junction, will be the announcer, and Jack Root, former middleweight battler and now motion picture theatre owner, will referee.

DOROTHY GISH AT THE BUTLER TODAY

Dorothy Gish's latest picture, "Flying Pat," is the merry story of a young husband who conducted a nationwide search for his runaway wife and found her in his own kitchen. It will be the attraction at the Butler today. In the role of the bride, Miss Gish is urged by her screen husband to choose a "career" for herself and decides to become a flier. But this leads to complications when her teacher turns out to be a flirtatious individual. Following an accident in the air, there is a smash-up at home, and the bride leaves in haste and tears. However, the world gives her the cold shoulder and she comes back to her own kitchen disguised as a cook. Some laughable situations lead to the newlyweds' reconciliation. It is a picture in which you can enjoy a good laugh.

Add to the feature will be a Ford Weekly and Pathe Review Tomorrow, a double bill, Pearl White in "Know Your Man" and another of those million-dollar comedy specials of Harold Lloyd's, "Get Out and Get Under."

Coming, Vera Gordon of "Humoresque" fame. Watch for her.
